

## WHY CHOOSE ARKIEVA+?

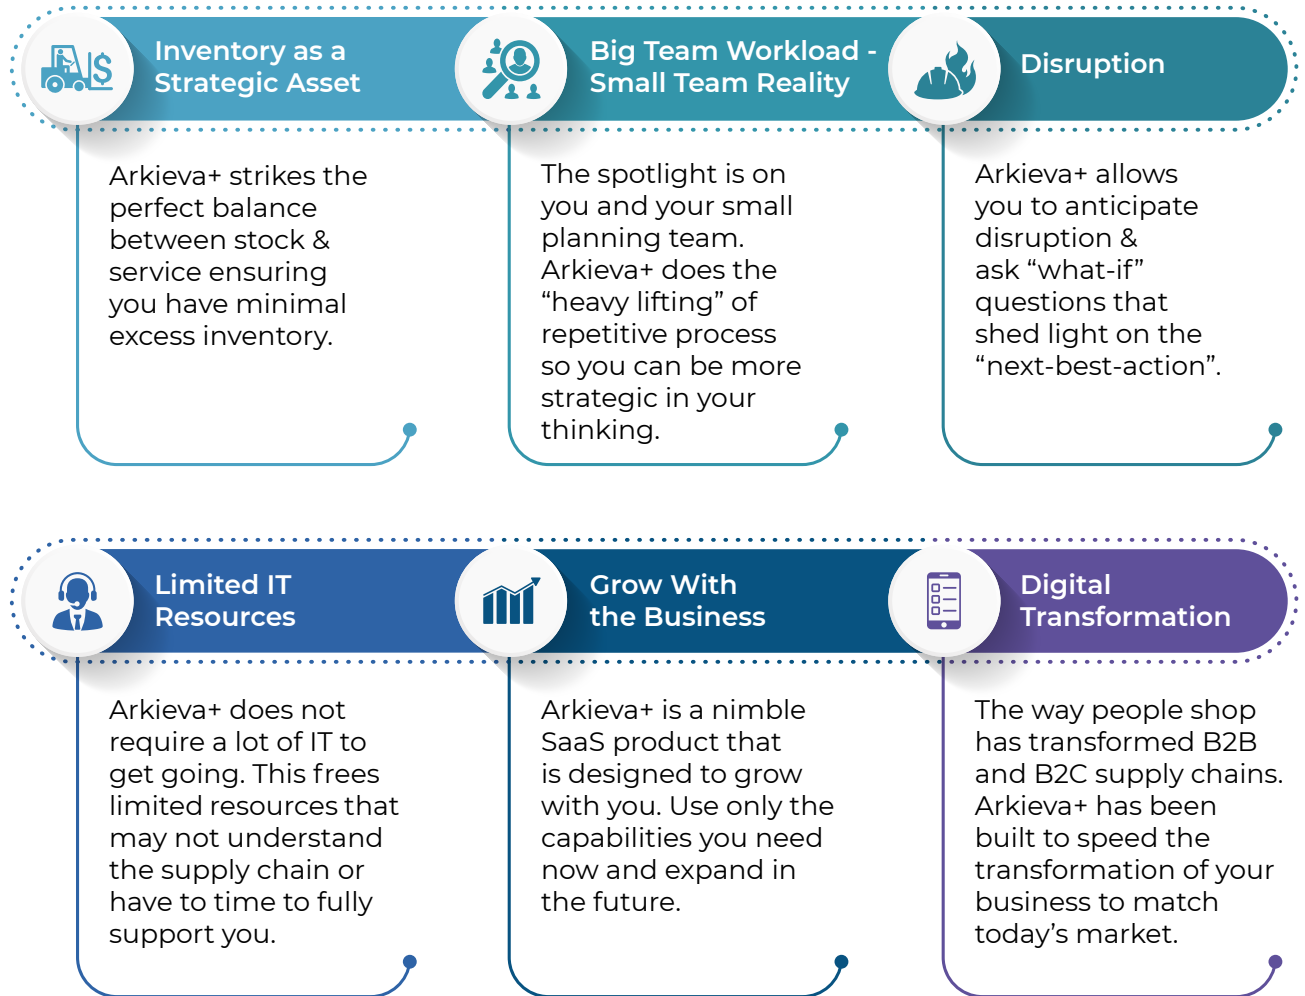

Arkieva+ moves your supply chain operation from reactive to proactive. With Arkieva+, you will rise to the most challenging of obstacles and convert them to opportunities.

### WHAT IS ARKIEVA+?

Smaller businesses – generally with revenue under \$250M – have unique supply chain challenges. With nearly 30 years of experience, Arkieva understands these challenges. Our scalable SaaS solution enables businesses to access the benefits of our enterprise solution with a modular platform.

Select the features you need, load your data, and you can be up and running in a few hours.

# GET GOING IN HOURS NOT WEEKS OR MONTHS

Our end-to-end SaaS solution has all you need to meet the needs of a demanding market. Out of the “box” you get essential capabilities such as:

- ▶ Demand Planning
- ▶ S&OP
- ▶ Inventory Planning
- ▶ What-if Scenario Planning
- ▶ Supply Planning
- ▶ Cross-team Collaboration

Arkieva+ accepts most flat files and has built in integrations with leading CRMs such as NetSuite.

## USE ONLY WHAT YOU NEED

The Arkieva+ modular subscription model allows you to use only the features you need. Begin with demand planning and move up to inventory and supply as your needs expand. We even provide a 14-day trial to get familiar with all Arkieva+ has to offer.

## ACTIONABLE & MEASURABLE RESULTS

Arkieva+ makes it easy to play out scenarios and fine tune your planning. It also provides visibility across the entire supply chain. With a few clicks you can see sales and inventory information, rolling forecast accuracy and even the ROI of all users on the platform.

You will have established benchmarks, be able to track progress and demonstrate the value-add you bring to your organization.
